Jabber Gym Class focuses on improving & maintaining speech, voice projection, communication, and swallowing skills. Please bring a bottle of water with you!

NFB: NeuroFit Boxing for PD Consists of group non-contact boxing designed specifically for people with Parkinson's Disease. Each class focuses on increasing strength, endurance, balance, fine motor skills, and power.

DTD: Delay the Disease for PD A fitness program designed to empower people with PD to take control of the disease with daily exercise. Exercises are tailored to each individual and every class includes strengthening, cardio, and brain work.

Advanced Strength An advanced strength workout utilizing weights, bands, TRX. Must receive approval to participate in this class by Amy or Colleen.

Cardio Row A 30 minute cardio workout targeting arms, legs, core, and back for a full body workout. Rowing is a low-impact exercise and will help to improve your endurance and strengthen your postural muscles. NOTE: sign up is necessary for this class

Strength / Balance Strengthening exercises to target the major muscle groups for overall improved endurance and posture. This class utilizes weights and bands and emphasizes proper form and safety. Exercises and balance activities are modified for all levels.

Neuro Cog-Cardio This class is for individuals with dementia, memory issues, or any neurological disorder. Short bursts of cardiovascular exercises are combined with cognitive exercises such as matching, sequencing, following directions, memory recall, and more.

Neuro Bootcamp & Strength (Advanced) Classes consist of exercises with weights and kettle bells targeting the major muscle groups, followed by stretching to improve flexibility and range of motion. Bootcamp includes 30 minutes (8 rounds) of higher intensity boxing. Participants must be independent with sit to stand, walking, and floor transfers

Strength Advanced Strengthening exercises to target the major muscle groups for overall improved endurance and posture. This class utilizes weights and bands and emphasizes proper form and safety. Participants must be independent with sit to stand, walking, and floor transfers.

Chair Yoga A gentle yoga class performed seated in a chair and with the use of a chair for balance during standing postures. Yoga allows for gentle stretching during the asanas, which improves range of motion and flexibility. This class also focuses on breathing techniques, meditation, and mindfulness to calm the nervous system.

NeuroBoxing Open to any neuro diagnosis. Class consists of cardio warm up on machines followed by 8 rounds of non-contact boxing. Class ends with gentle stretching and cool-down.

BOYO Open to community and gym members who are looking for an advanced workout. Class consists of 8 rounds of boxing followed by 30ish minutes of yoga. The perfect combination!
